ALI WENTWORTH

"Everything that comes out of Ali's mouth is funny!"
—Jerry Seinfeld—

Growing up in a family of political journalists—and daughter of President Reagan's White House social secretary—Ali Wentworth rebelled against her blue-blood upbringing. Today she is an acclaimed comedic actress and writer, former Oprah regular, wife of political and media star George Stephanopoulos, and a mother who lets her two girls eat cotton candy before bed. Though she's settled down, her rebellious nature thrives in her comedy and her view of her crazy world.
